Col. Donald I. Prickett
Director
Research Directorate
USAF/AFSC
Kirtland Air Force Base, New Mexico

Dear Don:

I appreciate very much your invitation to attend the opening of the Nuclear Effects Research Laboratory on the 20th of November. At one point I thought maybe I could fit it into the schedule, but unfortunately no such luck. I guess Ed can represent us adequately, but still it would have been lots of fun to renew old acquaintances and see the place even though the trout are a little moribund at the moment. However, let me wish you the best of luck, and I shall try to stop by before too long.

Sincerely yours,

10/ Pete
